

TECHNOLOGY LESSONS 4 TEACHERS

TOP 10 SITES ELEMENTARY

SCHOOL YEAR 2013-2014

PCSD online resources – TECHNOLOGY.PCSD.SCHOOLFUSION.US TL4T Home Page – TL4T.WIKISPACES.COM

GOQR.ME – goqr.me
(qr codes & tools)

We recommend using this QR code generator. It accepts both text (300 characters) & URL.

MR. NUSSBAUM –
mrnussbaum.com
(teacher resource)

This site offers tons of free games & activities in all areas of study. Attention iPad users! Most of the games work on an iPad, as well.

MULTIPLICATION.COM –
www.multiplication.com (math)

Flashcards are a thing of the past. These exciting games keep our students interested & practicing their multiplication at the same time.

RECORD MP3 – www.recordmp3.org
(creativity tool)

Free audio recording that assigns each one a link. We use this link to create our QR codes. Super easy to use!

SAFESHARE.TV – safeshare.tv
(teacher tool)

If you're a teacher who shows YouTube videos at school, this is the safest way to watch & share! Simply paste the link & the site will generate a safe link.

STUDYJAMS –
studyjams.scholastic.com
(student resource)

This site offers free math & science videos for students, on various topics.

SUMDOG – www.sumdog.com
(math)

Students stay actively engaged in this free multiplayer math fact website. Our school joins the Omaha-area Sumdog competitions throughout the year.

**TAMMY'S TECHNOLOGY TIPS FOR
TEACHERS** – tammyworcester.com
(teacher resource)

Full of free resources & ideas on using technology in the classroom. Check out *Tip of the Week* & *Google Stuff*.

TODAYSMEET –
todaysmeet.com
(collaborative tool)

Students can connect in real time to brainstorm, answer, or have a discussion lead by the teacher.

TYNKER – HOUR OF CODE –
bit.ly/lqzu2oS
(computer science)

Coding for beginners! The Tynker Starter Pack has six lessons to keep your students engaged & interacting.

TECHNOLOGY LESSONS 4 TEACHERS

TOP 10 APPS ELEMENTARY

SCHOOL YEAR 2013-2014

PCSD online resources – TECHNOLOGY.PCSD.SCHOOLFUSION.US TL4T Home Page – TL4T.WIKISPACES.COM

BOOK CREATOR – iPad – [free/\\$4.99](#)
(storytelling)

Create storybooks & share to iBooks. We have a first grade teacher that uses this app with her class to create both class books & individual books.

SIGHT WORDS NINJA – [free](#)
(reading)

Students will want to practice reading those sight words with this app. They are asked to slice sight words by using their finger on the iPad screen.

CHATTERPIX KIDS – [free](#)
(multimedia)

Take a picture, add a mouth, & record your message! Absolutely the easiest animated voice app! Great for K-2 age students.

SKITCH – [free](#)
(productivity)

Snap a picture, mark it up, add labels, & share! Can be used in various subject areas, such as math or science. Students can label parts of a flower or label the perimeter of an image.

**EDUCREATIONS INTERACTIVE
WHITEBOARD** – iPad – [free](#)
(productivity)

Create & share lessons, by recording your voice while on your iPad. We have teachers using these apps to have students talk about how they are solving math problems.

TELL ABOUT THIS – iPad – [free/\\$2.99](#)
(storytelling)

Allow students time to explore, respond to pictures, & capture their voice responses to image prompts. This app reinforces storytelling, reading fluency, & retelling.

FOTOBABBLE – iPhone – [free](#)
(multimedia)

Snap or select a photo, record voice, & share! It's that easy! This would be a powerful tool to use as a reflection piece after a field trip or a science experiment.

WRITE ABOUT THIS –
iPad – [free/\\$3.99](#) (writing)

Students will enjoy exploring & responding to pictures & writing their response. This app reinforces storytelling, creativity, sentence structure, & voice.

MATH SLICER – [free/\\$0.99](#)
(math)

Students love practicing their math facts with this app. They will solve math problems & slice the answer by using their finger.

YAKIT KIDS – iPhone – [free](#)
(multimedia)

Snap or select a photo, add a mouth, record your message, & play it back. There is an option to change the voice pitch & add more than one scene.
